

COMPANY PROFILE

Founded in 2010, Worklyffe designs and manufactures contemporary, educational, ergonomic workspace furniture. We partner strategically with KI USA, a global leader in workplace solutions, and collaborate with renowned international designers to create products that are both globally relevant and design-excellent.

OUR MISSION

With a passionate approach to contemporary design, we create furniture that enhances the way people work, collaborate, and connect.

By combining ergonomics, craftsmanship, and refined aesthetics, we deliver solutions infused with durability, adaptability, and timeless character.

Always functional.

Always built to last.

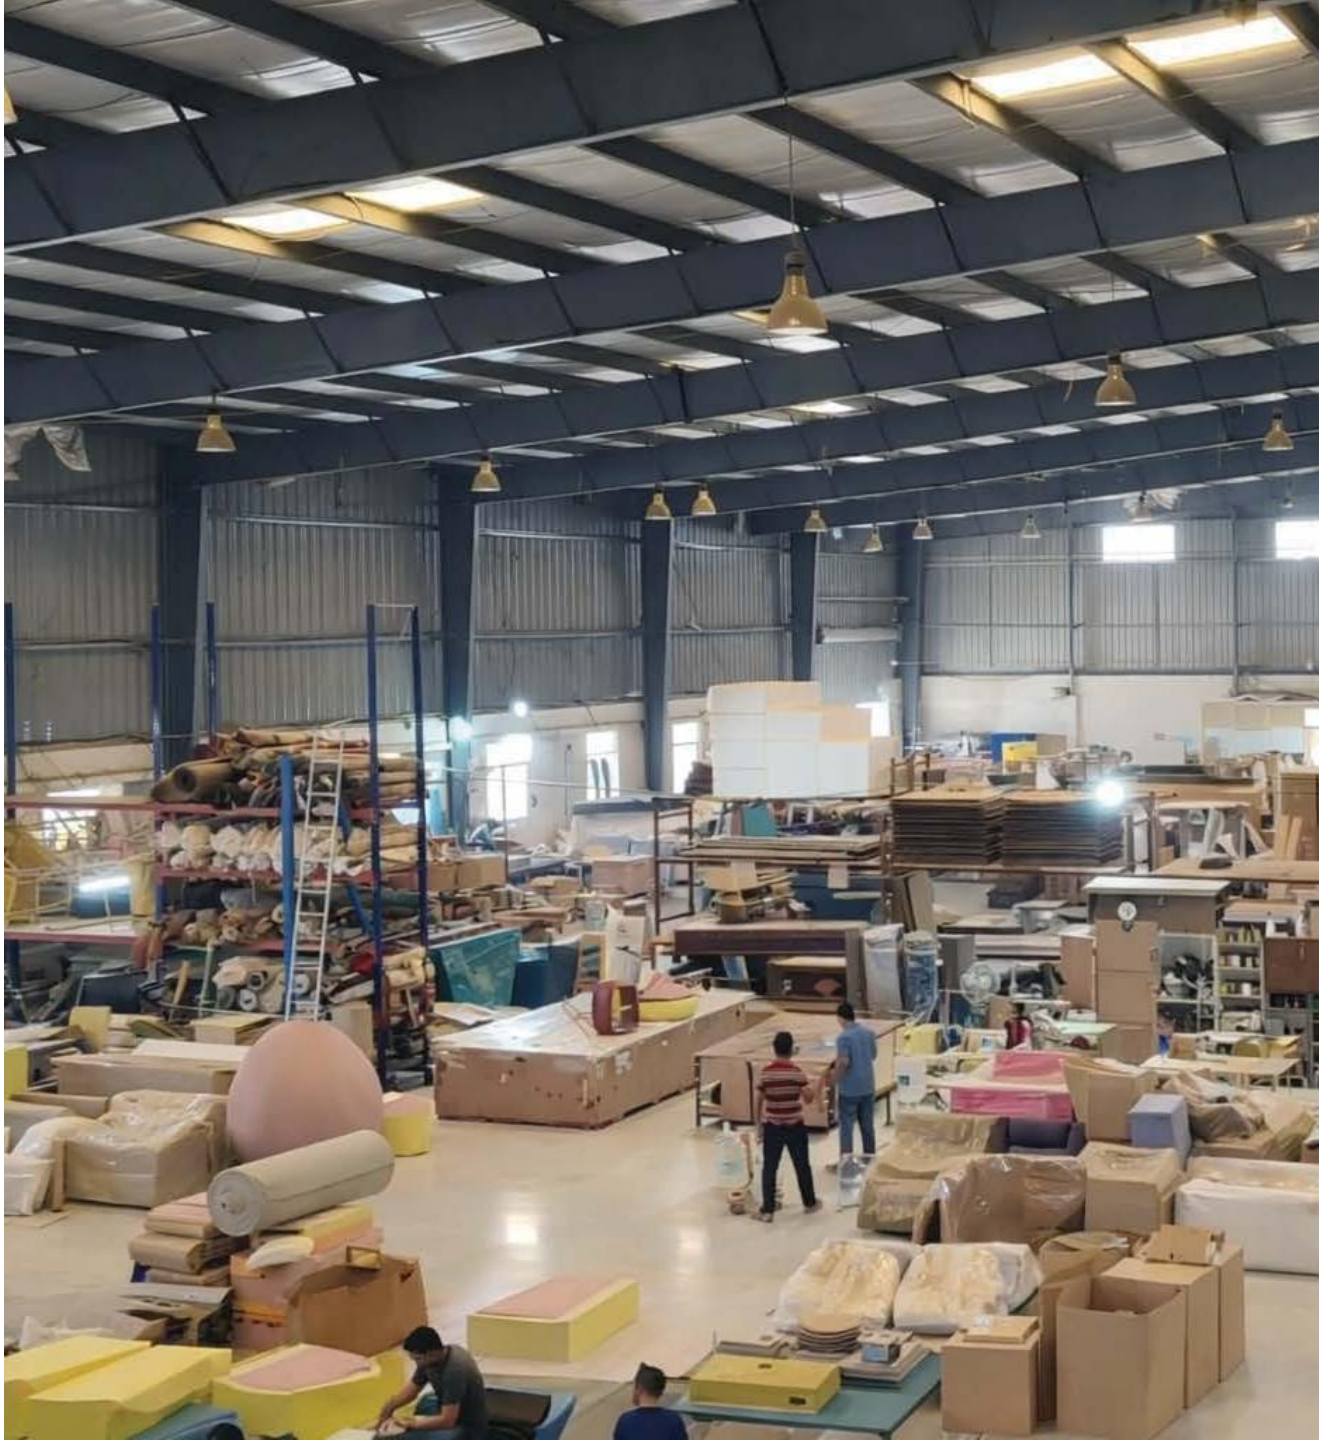

OUR VISION

Worklyffe's vision is to become a design led furniture brand and become a leading premium workspace furniture brand, recognized for innovation, quality, and design excellence.

We aim to shape environments that are not only efficient, but meaningful spaces that foster creativity, productivity, and human interaction.

CRAFTED WITH PRECISION

Behind every Worklyffe product lies a space driven by precision, craftsmanship, and innovation.

- Our manufacturing facility brings together skilled artisans, advanced machinery, and refined processes to ensure every detail meets our uncompromising quality standards.
- From raw materials to finished products, each stage reflects our commitment to excellence.

MANUFACTURING EXCELLENCE

Worklyffe operates with a streamlined production system designed to ensure efficiency, consistency, and superior quality.

Our facility integrates:

- Advanced production machinery
- Skilled workforce
- Structured quality control processes
- Organized material handling systems

This integrated approach enables us to deliver projects on time while maintaining the highest standards of craftsmanship.

IT ALL STARTS WITH PEOPLE

Worklyffe is built on a strong culture of creativity, collaboration, and accountability.

We believe great design begins with understanding people their movements, their needs, and their environments.

We empower our teams, partners, architects, and collaborators to actively participate in our journey. Open communication, shared responsibility, and mutual respect form the foundation of our workplace culture.

We value diversity of thought and believe innovation thrives in inclusive environments.
